### DESCRIPTION

The sonic world of **Mollono.Bass** is very similar to the landscape of deep forests and lakes in which it was created. Just like the bucolic beauty of his home Mecklenburg is in a constant state of change, with each season bringing different light, different colours, different moods and atmospheres, his style as a music producer is best described as organically flowing between styles, ideas and genres. This is very noticeable in his remixes: sometimes they turn out as a euphoric house tune bursting with sunny vibes, sometimes they present themselves as technoish twilight in the mysterious undergrowth of ecstasy. Sometimes Mollono.Bass plays with the human soul of a voice or the hand-played dynamics of a band, and sometimes he is inspired by the purely synthetic grace of digitally processed rhythms and grooves. That said, the already seventh part of the *Mollono.Bass Remix Collection* is a highly versatile, yet at the same time highly consistent affair – be it on your headphones or on a massive sound system.
