DESCRIPTION

For those who are not familiar with **Misery**, they are a band from Minneapolis that started playing at the end of the '80s and released many records during all these years without changing their style for the trendier shit or losing their incredible dose of rotting and angry power. This record compiles their very first releases (except for the *Your Leaders Were Lying!* EP, because the band doesn't like the sound of it), so you'll find: *Born Fed Slaughtered* EP, *Blindeed* EP, *Children Of War* EP, and the two *Split* EPs with **Assrash** and **Hellspawn**. A total amount of 13 tracks for nearly 40 minutes of dirty, pissed and stinky crust punk! Comes with a four-page booklet with all the images taken from their original records, lyrics and info.
