DESCRIPTION

Milio is back on Atomnation with his third full-length album, *Invisible Lands*. It is the glorious result of an artistic journey in which the Dutchman has discovered new production skills and techniques so he can translate the rich fantasy world of his childhood into a musical form using only analogue sound. Milio has always been a synth magician who paints with sound. His house music has always been steeped in color, emotion and great craft, and is often created on-the-fly using analog hardware. In recent times he has impressed with his immersive live show, launched his own label VIAVIA and joined a new group **A#** with **French II**, **Alberta Balsam**, and **Bastian Benjamin** in order to further explore improvised live experiments.
