### DESCRIPTION

Following 2023's acclaimed, chart-topping mixes from **Henry Saiz**, and **Tim Green**, Balance have enlisted the services of two masters of their craft in **Dave Seaman** and **Quivver** to curate their next mix compilation release. Style and substance joined at the hip. With *Balance Presents Dave Seaman & Quivver*, both artists have reached out far and wide to their producer friends to pull off a real coup. Every track is exclusive to this release – not one track has previously been released. If that's not enough, the pair have added five exclusive collaborative productions, making this release is a perfect snapshot of where Dave Seaman and Quivver are musically right now. The lead single from the album, "Make This Disappear" features experienced vocalist Quivver on lead vocals – and even has Dave Seaman making his debut behind the mic contributing backing vocals. A first after more than three decades of making music. There is also particular excitement about Dave Seaman's highly sought after, previously unreleased remix of **Underworld's** "Low Burn," which gets its long overdue release here. Exclusive tracks come from some of the hottest electronic music producers, from the fabulous **Einmusik**, through to **Robert Babicz**, **Gai Barone**, **Dee Montero**, **Timo Maas**, and the wonderful **Just Her**, amongst many other quality artists. Also featuring **Charles Webster & Ursula Rucker**, **DJ Counselling**, **Murat Uncuoglu**, **Enamour**, **Carlos Barbero & Dom Fricot**, **Four Candles**, **Kamilo Sanclemente**, **Anthony Pappa**, **Jamie Stevens**, **Alice Rose**, **Aikon**, **Stas Drive**, **Ben Archbold**, **Paul (AR) & Capri**, **pølaroit**, **Jepe**, **Stas Drive**, **Axel Giova & Larrosa**, **Floormagnet**, **Chicola**, and **Ron Flatter**.
