### DESCRIPTION

Following a four-year hiatus from solo releases, the British musician **Matt Karmil** returns with the soft-focus gentle beauty and subtly stealthy beats of new LP, *No Going Back*. With inspired moments of creation happening incrementally, the album came together amidst a busy mixing/remixing/mastering/co-production schedule. Artists who've enlisted his multiple skills includes **Bicep**, **Underworld**, **Mall Grab**, **Jayda G**, **DJ Koze**, **Neneh Cherry**, **Sofia Kourtesis**, **DJ Fett Burger**, **Matias Aguayo**, and **Carmen Villain**. Feeling the benefits of this new approach, *No Going Back* is the strongest expression of Matt's artistic vision to date, honing the spectrum of styles for which he's renowned, all smudged together by a warm, gauzy haze. The microhouse anthem "SFP" is followed by the broken tech science of "No Going Back," the spectral dub techno spookiness of "Old Haunts" and the sublime misty shimmer of "The Last Time." Further switching things up is the oddball dancefloor experimentalism of "Still Something There," the washed-out electroid balm of "Things Really Happen," and the epic dark ambient closer "15 mins."
