DESCRIPTION

The Berlin project **Sprung Aus Den Wolken** was part of the "Geniale Dilletanten" movement in the early 1980s, along with **Einsturzende Neubauten** and **Mechanik Destruktiv Komandoh**. The band first released an EP on ZickZack in 1981, followed by further releases on the band's own record label Faux Pas in 1982 and 1983, then on the French outlet Les Disques Du Soleil Et De L'Acier until 1991. The track "Pas Attendre" was part of the soundtrack of **Wim Wender**'s movie *Der Himmel Über Berlin* and thus became an underground hit. Bureau B is thrilled to now re-release the debut EP under the title *1981 West Berlin*, including additional songs from the band's early days, which have been carefully remastered from the original cassettes.
