DESCRIPTION

Ten blistering performances from Tokyo's legendary **High Rise**. Recorded live in 1992, *Disturbance Trip* (BE 016LP) is a previously unreleased, distortion-saturated gem recorded in the same era as their third studio album, *Dispersion*. Guitarist **Munehiro Narita**'s unmatched ability to channel the pure energy/spirit of rock and roll and hard psychedelia is on full display; his riffs are heavy and propulsive, his solos dizzying and transcendent. Nanjo's fuzz bass lays down hypermobile lines that swing and thunder as he intones lyrics that echo in the distance.

Disturbance Trip is the first release on the resurrected La Musica Records, **Asahito Nanjo**'s mystifying, apocryphal cassette label started in the 1990s and documenting the most obscure reaches of the Japanese psychedelic underground. Deluxe double LP housed in custom Unipak-style gatefold jacket and printed inner sleeves with spot metallic inks and gloss UV coating. Featuring: Nanjo Asahito {bass, vocals}; **Narita Munehiro** (guitar); **Dr. Euro** (drums). Recorded Live in 1992, Tokyo, Japan.
