DESCRIPTION

Housed together in a stunning slipcase with a matte laminate soft touch finish and a UV spot varnish on the beloved logo, Be With proudly present the *Be With 10 Years* record and book package. Record contains ten exclusive never-before-on-vinyl tracks from ten Be With family members. 310mm square softcover book printed on a 350gsm woodfree uncoated board. Book block printed on 120gsm Dadong Lucky Bird woodfree uncoated paper. 140gram vinyl with a 380gsm jacket. 1000 copies only for the world, no repress! Be With Records reaching ten years feels like a landmark worth celebrating. The label presents *Joyride* (the record) and *Labour Of Love* (the book) in one beautiful slipcase. This book and record package was conceived as an opportunity to praise, shine a light on and above all else show gratitude to all the artists Be With has worked so closely with over the last ten years. But not just the artists – all of the amazing people who form part of the wider Be With family. Without question, this package represents the most exciting, daunting and rewarding thing that the label has ever put together. The record: *Joyride*. Ten tracks for ten years of Be With from ten artists. As a happily "all over the place" label, the music, accordingly, had to be varied in vibe and style. Featuring **Thomas Almquist**, **Lewis Taylor**, **Mic Murphy**, **52nd Street**, **Coastlines**, **Maston**, **Kenny Dickenson**, **The Autumn Defense**, **Stimulator Jones**, and **Andre Cymone**. The book: *Labour Of Love*. Created in conjunction with the editor and design team behind *Disco Pogo*, *Labour Of Love* is Be With's first ever book and serves as a brilliantly rich and varied document of Be With's first 10 years. It surveys the entire catalogue with the artwork for every single release faithfully reproduced in full color accompanied by **Rob's** inimitable reviews. The book contains fresh, exclusive interviews with **Ned Doheny**, **Leon Ware**, **Lewis Taylor**, **Tommy Guerrero**, **Wally Badarou**, **Steve Moore**, **Pete Fowler**, **Kimiko Kasai**, **Tony Henry** (52nd Street), **The Autumn Defense**, **Coastlines**, and **The Mighty Soulmates**. There's also fantastic contributions from a whole host of well-regarded fans of the label, including **Gilles Peterson**, **Trevor Jackson**, **Efficient Space** on **Steve Hiatt**, **Bill Brewster**, **Balearic Mike**, and **Lou Hayter**. It explores the development of the Be With logo and also take an insider's look at the journey of a typical Be With record.
