### DESCRIPTION

**Citron Citron** is back! The ethereal sister-and-brother duo has worked hard over the past two years on their new album *Maréeternelle*. Maintaining their majestic compositions, dual lead vocals, and home-made organic sound machinery, Citron Citron delves deeper into their sonic universe, singing about daily life, death, and love with the same poetic and personal vibe. Recorded in their home studio, and with a rare '70s EMS synth handed down from their respected avant-garde artist grandfather **Rainer Boesch** also making an appearance, Citron Citron's light touch is an analogue charm, measuring up to the giants of the genre's history. Its title, *Maréeternelle*, is a compound word coined by the duo and translating as "eternal tide." It references the continuous cyclical flow of existence – day and night; life and death – and how they, you and I structure our lives around this.
