DESCRIPTION

Formed in the 1979, the duo is still grooving at their studio in Vesterbro, Copenhagen. **Laid Back** gained their first international major break-through in the '80s with **Sunshine Reggae** and **White Horse**. The dualism and originality of the two songs has left a worldwide and everlasting reputation of their music. The third evergreen from their hand was made in 1990 named *Bakerman* altogether with a music video by **Lars Von Trier**. More recently, the two members have co-founded their own record company, Brother Music, which has released Laid Back Albums *Cosyland*, the chill out album *Cosmic Vibes* and the recent two studio albums *Uptimistic Music* and *Road to Fame*. For their 45th Band Anniversary the iconic duo is back with *Forevergreen*! A stunning, simply irresistible album, meeting the band and their more than 45 years of music history.
