DESCRIPTION

Unklewon announces debut *UN1C* LP on Boysnoize Records. The album consists of 11 tracks and features collaborations with **Boys Noize**, **Alina Pash**, **Maral**, **Vel**, and **DJ MELL G**. The title track starts with a steady snare-heavy beat, foreboding atmospherics and a futuristic vocal. It introduces the France-based producer's Detroit-inspired electro LP and also marks his debut full-length, landing on Boysnoize Records, a label Unklewon's been affiliated with since 2022. For the second track the **International Chrome** and **Nechto** artist is joined by Maral for "Bag Secured," adding her sensual vocals to a raw cut featuring rough synthlines and racing rhythm. "Science Club" then continues with infectious and hypnotic energy driven by a deep, earworm vocal before "Speed Chains" picks up pace with speedy basslines and rhythms shot through with bleeps. Ukrainian singer Alina Pash infuses Unklewon's "High Key" with fantastic modern hip-hop flair, with "All 4 Homies" returning to the club with cut-up sampling and tripped-out electro sonics. Boysnoize Records' Boys Noize also teams up with Unklewon for "Spa8cid," a menacing dancefloor heavy-hitter which eases into the acid madness of "Miami South Express" which follows. Next up, Unklewon and Vel drop the aptly named "Transed About U," a true peak-time roller boasting hypnotic trance-like gated vocals, with German electro superstar DJ MELL G joining him for "Wizard Snakes," taking a more classical approach with rich synth lines and crisp drum work. Closing out this fantastic first album from a promising name in the global electro spheres is "Call Me Von," another amped-up, bass-laden track ready to rock the warehouse.
