DESCRIPTION

Ride's Andy Bell, recording under his electronic alter ego **GLOK**, and the producer and Insult to Injury label boss **Timothy Clerkin** have joined forces for *Alliance*, a brand new seven-track album released by Bytes. The collaboration finds Andy and Tim with their freak flags flying, working in a freewheeling environment where nothing was off limits, with influences ranging from **Death in Vegas** and **Boards of Canada** to **James Holden** and **New Order**. They already knew there was chemistry – Andy and Tim were introduced by Bytes when the label suggested Tim as a participant for the *Dissident Remixed* album, which was put together in 2019. Tim delivered a killer rework of "Projected Sounds," turning the **Neu!**-meets- **Steve Reich** original into a tripped-out, slo-mo acid house wonder; "Voodoo Ray" for the shoegaze generation. They later met in person at the funeral of **Andrew Weatherall** (whose influence can be heard in every groove of the album) and kept in touch. For Fans Of: **Death in Vegas**, **RIDE**, **Andrew Weatherall**, **Boards of Canada**, **Happy Mondays**, **James Holden**, **New Order**. Featuring vocals on one track from **Du Blonde** aka **Beth Jeans Houghton**. Available on limited edition white vinyl.
