DESCRIPTION

Gianluca Ceccarini, Alessandro Ciccarelli, Tetsuroh Konishi – *Yugen* is an album born and developed thanks to the collaboration between various artists who participated in its creation. The music, written and performed by Gianluca Ceccarini, Alessandro Ciccarelli and Tetsuroh Konishi, explores the liminal boundaries of the field of electroacoustic music with brass, wind instruments and traditional percussion. **Milena Punzi Anfossi** on cello enriches the album with a special solo ghost-track in the CD edition. The photos and the artwork are by Gianluca Ceccarini and **Nahid Rezashateri**. The haiku poems were composed by Tetsuroh Konishi and written in traditional Japanese calligraphy by **Kaori Fujimoto**. *Yugen* is a concept album composed of six seamless moments which are a metaphor for a physical and mental initiatory journey. Mutation, metamorphosis, synesthesia, *Yugen* is a sonic journey, an immersion in an inner and natural landscape where the sound intermingles intermittently and insistently in a new deep sensorial dimension.
