DESCRIPTION

On his third album, **Comité Hypnotisé** let you belly flop into his eleven chambers of the *Danza Del Piri-Piri*: expanding the feral and contagious universe he started to build a lifetime ago. Levitating and shimmering a glistening way through deep old school '70s sitar vibes and jitterbug grooves. This boogiemer aka the **Millionaire**-mind and part of the **Evil Superstars** has carved some hot smoked out bass and organ flared cuts on wax, ready to never leave you again. Whether it is with woodchopped kazou sounds stretching into hazy sunshine desire or dazzling basslines blending with interstellar and stuttering kick drums: the *Danza Del Piri-Piri* flip-flops and slams into a wiggly relentless sonic future. Comité Hypnotisé is the brainchild of **Tim Vanhamel**, frontman of Millionaire and Evil Superstars, two of Belgium's most famous alternative rock bands. In 2013 Tim started creating solo music that only got released in 2021 on his first solo album through the Belgian eclectic Cortizona label. FFO **Sven Wunder**, **Ennio Morricone**, **Khruangbin**, **Flying Lotus**, **The Meters**, **Parliament**, **Edan**, **The Gaslamp Killer**.
