DESCRIPTION

A serious obscure object of desire! Amazing collection that gathers some of the rarest Persian 45s. Such an eclectic mix of styles, from garage rock to cool Persian beat, exotic rock and roll, and astonishing prog/psych numbers. Featuring female drummer and singer **Zangoleah** with some killer garage/rockin' tracks, obscure bands like **Takkhalha** doing a fab cover of the **Stones** "Play With Fire" and an amazing take on the Persian traditional song "Mastom, Mastom," **Golden Ring**-styled beat by **Big Boys**, exotic Persian beat by **Saeed** and **Tigers**, terrific garage-beat by **Ojubeha** and the two sides of the *Kambiz* 45, probably the major discovery from Iran in recent years and one of the few, if not the only truly Persian prog/psych 45s ever recorded. Also features **Kambiz**.
