### DESCRIPTION

Prompt reissue of the only album released by **The Aggregation**, a Los Angeles psych rock combo, who licensed the album on LHI (Lee Hazlewood Company) back in 1969. The story goes like that: the band used to perform cover songs at Disneyland attraction park but also produced a bunch of originals to get along with Disney rides and exhibits. Hence their concept album in which "funhouse" is a metaphor for exploring the brain frontiers. A must have!
