DESCRIPTION

Deluxe aluminum packaging. Gatefold. Includes poster. *Midwestless* is the fifth and newest album from St. Louis, Missouri rock failures **The Conformists**. Once again recorded with **Steve Albini** at the majestic Electrical Audio, this album marks their first recorded output as a trio. Formed in November of 1996 deep within a basement bedroom somewhere between the corn fields and strip malls of Southern Illinois, The Conformists began as four teenagers with a desire to create ugly rock music. Eventually, they grew up and now dabble in moments which could even be described as quite beautiful and melodic. Elsewhere, elements of insistent repetition with an initial appearance of stasis reveal – with multiple listens – intricate details under the surface.
