DESCRIPTION

The Totality of Death is the past entwined with the future. *The Totality of Death* is a vortex of ineffable confusion. *The Totality of Death* is One, but manifest as two. *The Totality of Death* compiles 20 songs from past limited-edition releases, digital compilations, and the most obscure recesses of the **Trepaneringsritualen** archive. The material – reworked and remastered in 2024 – is spread over two separate compact discs (CSR 335CD and CSR 336CD). The CDs feature different, intricately-designed artwork throughout, and are beautifully presented in reverseboard, flood-printed, six-panel digipaks. Visual realization by **Nullvoid**. Mastered by **Nylan** at 4 & Rising.
