## DESCRIPTION

Digitmovies release the complete edition CD of the original soundtrack by **Gianni Ferrio** for the spaghetti western *A Dollar of Fear* (original title: *Un Dollaro Si Fifa*). The Italian-style western, or spaghetti western, officially originated with the famous *Dollar* trilogy by **Sergio Leone**, even though it was *Gunfight at Red Sands* (aka *Gringo*) by **Mario Caian** which inaugurated the genre in Italy in 1963. With *A Dollar of Fear* the series started in 1960, although this film was just a comical parody of the worldwide success of *Rio Bravo*, directed by **Howard Hawks** in 1959. The Digitmovies producers used the title *Un Dollaro Di Fifa* which plays on the Italian title *Un Dollaro d'Onore* (*Rio Bravo* in the US). Gianni Ferrio composed a brilliant orchestral soundtrack with epic, action and romantic passages alternating with a pleasant saloon song with a female voice and songs with mixed choirs. For this CD, Digitmovies were able to use the mono master tapes of the original recording session. This CD is definitely a rarity for fans of spaghetti westerns.
