DESCRIPTION

"Reeling in the weeks – which felt like years – after my first **Current 93** album, I had started on the difficult second C93 album, *Dogs Blood Rising*. Having been asked to appear on both *Top Of The Pops* and *The Old Grey Whistle Test* 93 times in the same week after the release of *Nature Unveiled*, I realized that God was telling me that I had hit on a winning formula of Christian eschatology and Apocalyptic Christian texts over a Soundscape as cool as flies, but that I was missing the vital ingredient of a **Simon & Garfunkel** song. *Dogs Blood Rising* – which I described to myself in a vision as an album which hoped, wished, and made bad trips sound like good trips – was essentially the mirror night of *Nature Unveiled*, although only half of it was recorded at Roundhouse Studios. Squats were calling, and 8-track studios were all I was able to afford. *Dogs Blood Rising* didn't chart, except in my night sweats. Listening to it now, it makes me as restless as I was then, staring beyond the windows there, watching and praying for something, someone, anything, anyone. Remastered by **The Bricoleur** at Bladud Flies!, and with the original artwork refreshed and reborn by **Rob Hopeye**, this 12" vinyl picture-disc comes in a full-color die-cut sleeve, which is printed on both the outside and inside. This is one of the first four reissues of the entire back catalogue of C93 on picture-disc and standard vinyl, in the lead-up to the publication of my autobiography at the end of 2025, whilst I also work on many other recording, publishing, and painting projects. Each release in the picture-disc vinyl reissues series is limited to 1,000 copies, and the titles will not be repressed as picture-discs once they have sold out." – **David Tibet**
