DESCRIPTION

2024 repress expected in April. With the demise of **Wire** in 1980, founding members **Bruce Gilbert** and **Graham Lewis** joined forces to create **Dome**. With the assistance of engineer **Eric Radcliffe** and his Blackwing Studio, Dome took the ethic of "using the studio as a compositional tool" and recorded and released three albums on their own label in the space of 12 months: *Dome* (DOME 001LP, 2019), *Dome 2* (1980), and *Dome 3* (1981). A final fourth album, *Will You Speak This Word: Dome IV* was released on the Norwegian Uniton label in 1982. These albums represent some of the most beautifully stark and above all, timeless exercises in studio experimentation from early the 1980s alternative music scene. Previously issued in the out of print *DOMES 1-4+5* box set in 2011, *Dome 2* is now available as standalone LP, with new artwork by **Dave Coppenhall**. Floating-point re-master by **Russell Haswell**, August 2011. Cut at Dubplates & Mastering by **Rashad Becker**. Includes download.
