### DESCRIPTION

The one and only **Dub Syndicate** album mixed by **Overton "Scientist" Brown** comes as an official reissue as expanded limited collector's edition! Originally released as catalogue number Lion & Roots 001 in 1998 on **Style Scott's** own label, here's the expanded and remastered collector's limited edition. The longplayer *Mellow & Colly* is timeless for real and should not be missed in any Dub Syndicate collection or serious reggae selection. It is also the crucial half of Style Scott's two-album *Scientist Vs. Sherwood Soundclash* project that started his Lion & Roots label in 1998. The other half entitled *Fear Of A Green Planet* (EB 200CD) was already reissued late 2023 on Echo Beach. Featuring the original eight tracks and expanded with another five tracks taken from the completely unreleased Jamaican session demo tapes – three of those lately overdubbed by **Jesse King** from Canada, better known as **Dubmatix**! Also featuring **U Brown, Junior Reid, Big Youth, Ranking Joe, and Ansel Cridland**.
