DESCRIPTION

For the very first time on double vinyl, one of the most amazing musical adventures of influential singer and songwriter **Julie Tippetts**. Originally released on CD in 1999, *Shadow Puppeteer* is the result of a long running career, a devotional solo album fulfilling her royal artistic vision. Surely one of the foremost European vocalists in the field of contemporary jazz and improvised music, she started out with **The Brian Auger Band** in the '60s fusing soul-jazz and R&B with amazing results. Moving forward into the realms of free improvisation and English jazz she found home in stunning projects as **Centipede**, **Ovary Lodge**, **Ark**, **Mujician**, **The Georgian Ensemble**, **The Dedication Orchestra**, and (late husband) **Keith Tippett's Tapestry**. *Shadow Puppeteer* is a suite of compositions and improvisations in which Julie's voice and various instruments (wind chimes, tambourine, mandolin, thumb pianos, zithers and bells) are multi-tracked to showcase the full extent of her powers of expression and imagination.
