DESCRIPTION

Three vinyl LPs in a 7mm black cover sleeve printed with silver foil logo on the front and tracklist on the back. Printed in glossy ink. Mixing meditation, sacred-geometry, searching for meaning behind the notes, **Emika** lost her mind trying to escape the reality of the lock-downs. Creativity in overdrive, determined to discover new dimensions: She produced **VEGA**. Named after the second brightest star after the Sun, **VEGA** is in the northern constellation of Lyra; one of the most beautiful sounding- instruments in Greek mythology. Vocals. Electronic. Classical. Collabs with **Horace Andy (Massive Attack)**, **Sebastian**, **Liela Moss**, **Rødhad**, **Anna Phoebe**, and **Robert Ames**
