DESCRIPTION

A blend of **Emika**'s neoclassical descending melodies, signature breathy, female vocals, icy pianos, heavy sub-bass vibrations and layered hazy beats. Sat between her life in moving-boxes, wedged between them surrounding her upright piano in an unfurnished empty-sounding room in her in-laws house. *Haze* was made with voice-memo recordings of her piano and voice on her phone, edited and mixed on her laptop in headphones. Little loops in Ableton, lyrics, sadness and melodies, just like Emika's real-life in boxes. Sounds like a mix of **Thom Yorke**, **Burial**, **Nils Frahm**, all swirled together in a colorful yet creamy mix.
