DESCRIPTION

After their successful collaboration with Get Physical Music, **Rework** returns with another new dancefloor pleasure release called "Sun," and the following album *Cue It Back*. Sinister synth effected stabs and minimal cold female vocal contributions are still part of their iconic sound. Rework's minimalist beat and pulsing synthwork still captures an internal glamour combined with cold and **Jane Birkin** type vocal contributions by various female artists. With a sonic template of their earlier Playhouse tracks, Rework shows their love to club music again on their own label Exlove Records.
