### DESCRIPTION

After a string of ambient and experimental releases across labels such as Bedroom Suck, Best Effort, Ken Oath and Analogue Attic, **Matthew Hayes** – veteran bassist of **Z\*F\*E\*X**, welcomes his latest project **Xpress Point**, designed to keep your hips moving rather than kicked back on your couch. Born out of jam sessions and collaborations with artists such as **Dreamcastmoe**, **Jitwam**, **Ziggy Zeitgeist**, **Finn Rees**, and **Allysha Joy** and an obsession with reclaiming the nostalgic sound sounds of the Korg M1 and Yamaha DX7, Xpress Point, which takes its name from a local surf break off the coast of Phillip Island, draws heavily from the boogie tradition with a nod to vaporware, downtempo, Balearic and funk breaks. Assembled in 2023 across Melbourne/Naarm, London and Berlin, from surf breaks to crusty drum breaks, Xpress Point is a vehicle for Hayes to search for the perfect bass line, explore funk minimalism, continue nurturing longtime musical relationships with close friends and offer his own take on music to make you move.
