DESCRIPTION

Renowned New York City house music icon **Joaquin Joe Claussell** has embarked on an electrifying project of ecstatic, spiritual club music with his latest endeavor: a double album worth of reinterpretations of the music from Italian jazz master **Nicola Conte**'s 2023 album *Umoja*. Claussell's collaboration with Nicola Conte and Far Out Recordings helps mark the label's 30th anniversary, as Claussell joins fellow producers such as **Theo Parrish**, **Ron Trent**, **Kenny Dope**, and **4hero** in remixing music from the label's catalogue. Extending the tracks from *Umoja* for full length, dance-floor focused mixes, Claussell has accentuated the original music's global, Afro-futurist vision with comprehensive rearrangements – featuring additional percussion, guitars, keyboards, synthesizers and drum programming – excavating the source music and re-recording many of its parts under the auspices of his **Sacred Music & Cosmic Arts** banner.
