DESCRIPTION

2015 release. After a twenty-three-year hiatus, *The Dance of Reality* marked the triumphant return of **Alejandro Jodorowsky**, the visionary Chilean filmmaker behind cult classics *El Topo* and *The Holy Mountain*. In the radiantly visceral autobiographical film, a young Jodorowsky is confronted by a collection of compelling characters that contributed to his burgeoning surreal consciousness. The legendary filmmaker was born in 1929 in Tocopilla, a coastal town on the edge of the Chilean desert, where the film was shot. Blending his personal history with metaphor, mythology, and poetry, *The Dance of Reality* reflects Jodorowsky's philosophy that reality is not objective but rather a "dance" created by the imagination. Written, performed and recorded by Alejandro's son, the acclaimed actor, director and musician **Adan Jodorowsky**, *Dance of Reality's* original soundtrack expands from gossamer folk acoustic guitar themes and solo piano compositions to rich cinematic orchestral arrangements echoing the work of **John Barry** and **Ennio Morricone** combined with extrovert narrative traditional pieces executed in the vein of **Nino Rota**. This LP contains the sixteen original compositions that make up the score for Alejandro's seventh feature film which witness a return to the ABKCO film company who produced his underground classics *El Topo* and *The Holy Mountain*.
