LP version. Previously released on CD by Freude Am Tanzen, now available on double vinyl. This is the debut full-length album from Germany's **Marek Hemmann**, who has long been one-half of the duo **Hemmann & Kaden**. *In Between* is pure technoid material in an eclectic house-world. From classic deep-droning dub epos over frizzy house with shots of bossa nova and demanding horn-action, up to highly complex sample tone-art, this is a long, rewarding trip through techno-land. With a round of wholly comprehensive melancholy and hypnotic bass lines, this album bathes you in a type of beauty that will come over you like a sunrise.
