DESCRIPTION

First-ever reissue of this elusive private pressing from 1970 by British singer/songwriter **Keith Noble** (a founding member of pre-Pink Floyd bands **Sigma 6/The Abdabs** and co-composer of **Chad & Jeremy**'s hit "A Summer Song"). *Mr. Compromise*, originally released as a tiny demo pressing on the custom Eden label (home also of other psych-folk rarities like *Mourning Phase*), showcases the versatile songwriting talent of Noble: jazzy-bossa pop, **Kinks/Hollies/Byrds** styled full electric numbers and haunting psychedelic folk not unlike **Al Stewart** or **Incredible String Band**. Featuring Keith's friend from the pre-Floyd days **Rado Klose** (one of the earliest members of Pink Floyd) on lead guitar. After the album release, Keith Noble dedicated his life to architecture and teaching and he also wrote several musicals. Sadly, he passed away in 2014. This long-awaited reissue of *Mr. Compromise* has been possible with help from the Noble family. Featuring remastered sound with original artwork in hard cardboard sleeve. Includes insert with detailed liner noted by **Richard Allen** and photos, as well as download card.
