### DESCRIPTION

Fuzzed out psychedelia of the highest order by Korean legends **Sanullim**. This is their second album, originally released in 1978. It opens with the incredible title track, featuring an extended noisy fuzz guitar intro and which would become one of their most famous songs, especially live. The **Kim** brothers also dwell into abrasive garage-psych ("Let's Sing") melancholic fuzz ballads ("A Flower Blooming In The Haze") and more. Featuring original artwork in hard cardboard sleeve. Sourced from the original masters. Includes insert with liner notes and rare photos/memorabilia.
