DESCRIPTION

Ultra loud heavy psychedelic rock from Colorado, late '60s, with loads of fuzz guitar all over. **Dragonfly** were actually a band called **The Legend**, who changed their name just when they were recording their self-titled album. Originally released by the Megaphone label in 1968, *Dragonfly* is a hard-psych classic, highly sought-after by collectors since day one. Back in 2012 came the first official vinyl reissue and Guerssen now presents a new, improved repress with expanded liner notes and newly sourced/remastered audio, sounding better than ever. Includes reproduction of the elusive original sticker.
