### DESCRIPTION

Heavy-progressive, proto-metal and psychedelic hard-rock from the depths of the UK underground, 1970-71. Formed in Preston by the core of **Pete Hughes** (lead guitar) and **Mick Carroll** (vocals, rhythm guitar), **Stoned Rose** evolved from a band called **Five Steps Beyond** and at one time featured **Chris Allen** on bass (later of **Ultravox**). The band worked with a London agency called Nemesis and also with Tramps from Birmingham (owned by **Black Sabbath** guitarist **Toni Iommi**). Stoned Rose played several times at notable venues like the Temple and the Cavern and also at underground and progressive clubs and Universities, sharing stage with bands like **Stray**, **May Blitz**, and **Blonde On Blonde**. Exhumed from rare as hell acetates (including a Deroy one) and demo tapes, here's the first ever Stoned Rose album. File next to **Bent Wind**! Includes insert with liner notes by **David Wells** and rare photos/memorabilia.
