### DESCRIPTION

Pure class as always from **Gal Costa**! This record is her first after the immediate *Tropicalia* years, and it's a stunning blend of styles that seems to draw heavily from changes going on in the American rock scene at the time. The core of the music is still steeped in Brazilian elements – but there's a lot of influences coming into play on the album, like bluesy rock phrasing, showy nostalgia-heavy arrangements, psychedelic production elements, and some of the baroque orchestrations that would show up on Gal's later albums in the '70s. LP on 180-gram vinyl. 45RPM.
