DESCRIPTION

Following the first LP of **Tom Jones**'s finest soulful performances on the radio, *Soul Man*, History of Soul presents a second album of soul songs that should have released but never did. The focus this time is on his TV performances, the bulk of which come from 1969 and reflect his personal preference for covering Stax, Atlantic, and Motown material. So put aside your preconceptions if you have any and listen to his collaborations with **Aretha**, **Smokey**, **Janis**, **Cher**, **Dusty** and don't forget that Wicked Wicked **Pickett**. With a tight, funky band led by **Herbie Flowers**, this is big band soul at its very best.
