DESCRIPTION

Skin Crime – THE American noise "band." *Audio Pathology* – THE peak of the first era of the band and what many consider a stone-cold classic of the genre. If anyone wants to know where to start with the seminal self-abusers of American noise – tell them *Audio Pathology*. If someone wants to know what your prognosis is – tell them *Audio Pathology*. If someone is willing to testify what they smelled in Summerdale ? "The Decay Of The Angel." Originally released on armed and loaded on CD only, Hospital presents to you here for the first time on uninterrupted triple vinyl. The tracks here are not split for space and have plenty of breathing room through the six sides on this expansive/deluxe, triple gatefold.
