### DESCRIPTION

*Stuck On Common Ground* is the debut album of the Italian power trio **Hijss**. With a mixture of heavy blues influenced riffs and synthesized Krautrock parts Hijss tries to create a high dynamic range that will keep your attention at all time. On top of gritty basslines and ferocious drums lie cosmic guitars, tantalizing vocals and arpeggiated electronic drones. All three band members come from a vast musical background. Their common denominator is without a doubt a punkish attitude. The album was produced by **Toni Quiroga** and Hijss, drums were recorded at Nologo Recording Studio, Laives by "holy barbarian" **Fabio Sforza**. Engineered, mixed and mastered at accept productions by Toni Quiroga, album cover by **Luca Guarino**.
