### DESCRIPTION

New super-band featuring desert rock legends **Mario Lalli**, **Brant Bjork**, **Sean Wheeler**, and **Ryan Güt**. The first release from this band of pioneering desert rock musicians captures the band and its purest form exercising the desert born ethic and approach of rock improvisation, psychedelic and flowing, heavy and explorative. The foundation of Mario Lalli's grooving heavy bass lines and meditative themes with an intuitive guitar work alongside Brant Bjork and the percussion of Ryan Güt, which sets the scene for Sean Wheeler's poems and songs capturing the dark and beautiful stories and images of life in the Mojave Desert of Southern California. This is a representation of desert rock in its purest form. A very special live performance in Gold Coast Australia. **Mario Lalli & The Rubber Snake Charmers** began in 2010 with a focus on live psychedelic rock improvisation and sonic experimentation curated by desert rock pioneer Mario Lalli, featuring likeminded musicians from all walks of the musical spectrum. Anchored by Lalli's heavy grooving and morphing bass lines, this is a heavy meditation on rhythms, drones, grooves and riffs. Sonically becoming a canvas where each participant is encouraged to create fine lines or splatter and explode into chaos – wherever it goes it goes.
