DESCRIPTION

Repress of **Child**'s EP *I*. Combine the heavy emotion of the blues, the tone and raw power of hard rock, the finesse of soul and a twist of '60s psychedelia. It will give you a visceral musical experience that plays directly to your being. That is Child. Living for their art, the pubs, the booze, the endless highways and the blues is what makes this band who they are. Child are a must see for those who are worshippers at "the electric church." The freedom and power of a live performance is important to Child in their approach to music, endeavoring to never perform the same way twice. They look forward to once again bringing this to the world on their continued search for sonic paradise. 2018 saw the release of Child's first EP, simply titled *I*. Recorded live to tape, *I* is a glimpse into the boundless directions that could be taken on upcoming releases.
