DESCRIPTION

Geezer: "As the 'Interstellar Cosmic Blues' half of this EP, we consider these songs to be some of the best that we've produced. Songs that could all be 'singles' all on their own. And they better be because 'The Riffalicious Stoner Dudes' brought some savage riffage of their own! Put it all together with amazing artwork by **Mirkow Gastow** and release it on Heavy Psych Sounds, the BEST record label on the planet, and you've got all the makings of a great record! A modern classic right out of the box. Dig it!"

Isaak: "Art comes from change and experimentation. These three songs are exactly that. Three songs, three different souls. This recording session is born from the collaboration of some friends invited by the band, and these are: **Fabio Cuomo** from **Gotho & Liquido di Morte**, **Fabio Palombi** from **Nerve & Burn the Ocean**, and last but not the least, **Levre** from **Ufomammut**."
