### DESCRIPTION

With their third album on Heavy Psych Sounds Records, **Alunah** have wasted no time in a post-pandemic haze since their last release, balancing being on the European festival circuit alongside touring the UK. However, in a Birmingham rehearsal room away from the outside world, everyday life and online noise, their latest full length *Fever Dream* has been quietly brewing waiting to see the light of day. Forged from a period of extensive jamming and soul searching, *Fever Dream* digs into the core of what makes Alunah tick, being in a room together making the music they want to hear. Recorded during the winter of 2024, the atmosphere of the historic Foel Studio allows groove to flow alongside riff, heft and melody in equal measure. The brooding progressive majesty of the title track, the eastern soundscape of "Sacred Grooves" and the doom and roll of "Far From Reality" each highlight the album's ability to surprise and deliver in equal measure throughout the emotive journey of its nine tracks. Let yourself fall deep into the *Fever Dream*. Produced by **Chris Fielding (Electric Wizard, Conan)**.
