### DESCRIPTION

*Forever Spoken* is a powerful exploration of humanity's quest to leave a lasting legacy. This album delves into the trials, adversities, and struggles that shape humanity's journey and challenge its ability to fulfill its destiny. Musically, it ventures into the realms of southern metal and sludge, featuring intricate riffs and heavy metal double bass rhythms that elevate its intensity and complexity. The album was recorded with the esteemed **Phillip Cope (Kylesa, Baroness, Black Tusk)**, who returns to mix the record after his successful previous collaboration with Heavy Psych Sounds. To complement the depth of the music and lyrics, the label enlisted the legendary **Dan Seagrave (Morbid Angel, Gorguts, Suffocation)** for the cover art. His iconic style perfectly captures the complexity and essence of *Forever Spoken*, making this collaboration a significant milestone for the label.
