### DESCRIPTION

Colombian artist **Kabinett** brings a soul and harmonic proposal in the many forms of alternative disco and house through embellished productions and DJ sets, finding himself every time as a medium for all possibilities. Involved in music from an early age through classical music, while being exposed and inspired by his older brothers in the many forms of what electronic music was developing, **Nicolás**, his given name, knew that his future and purpose was only going to be around what matters him the most, music. After learning different instruments in the early years and through a mix of self-education and formal education in contemporary music and music production, as well his first steps as a DJ, at age 20 he was ready to get involved in Colombia's capital electronic music scene as curator, DJ, label owner and music producer. Founder of vinyl house label Nómada Records next to established artist such as **Felipe Gordon** and **Joint4nine**, his mentors, Kabinett has been fed enough to develop a full curation career working for Kaputt Club, El Coq & W Hotels, and more recently Casa Cruxada where he has helped to develop an identity for each which as of today has only enriched the local scene. More recently as head of Kaputt.wav, his new label, which is now home of artist such as **Curses**, **Iñigo Vontier**, **Theus Mago**, **Dombrance**, **Damon Jee**, among many more, promises to keep growing and develop music overseas. As of his personal artist career, have count on releases in labels such as Glitterbox, Midnight Riot Records, Partyfine, Platino Records, Duro, Playground, Sonido Moderna and more recently in **Prins Thomas'** own label, Internasjonal. With a deep understanding and experience on the music scene and a strong influence on dance genres, Kabinett and his music transcends the listeners souls and dive deep into a conscious dance.
