### DESCRIPTION

Multidisciplinary artist **Yannick Verhoeven**, aka **Ramses3000**, is back with a new album called *Thalamus*. Earlier known from his electro-cha3bi outlet **Cairo Liberation Front**, Verhoeven decided to discover unknown musical territory as he was inspired by calming music and aimed to compose music that allows the listener to relax and process the stimuli of daily life. Early in 2024, *Thalamus* was showcased at prestigious art installations at Museum De Pont, Kunstinstituut Melly, and Stedelijk Museum Breda and music festivals such as November Music and ADE. Crafting the album for two years resulted in a remarkable trip that sounds like a cross-pollination where the classical and digital worlds meet, incorporating influences from ambient, jazz, new age and psychedelic music.
