DESCRIPTION

Turquoise vinyl. **The Sex Pistols'** 1978 U.S. tour was a complete fiasco. Bassist **Sid Vicious** was addicted to heroin, and **Johnny Rotten** was barely speaking with his bandmates. The brief tour wrapped up January 14th at San Francisco's Winterland Ballroom. It was the biggest venue of the entire tour, the crowd was mainly hippies, curious to see what all the fuss was about. The band closed with a cover of the **Stooges'** "No Fun". When the song ends Rotten asks the crowd, "Ever get the feeling you've been cheated?" Then he drops the microphone and walks offstage. It was the last time the Sex Pistols would perform together until their reunion tour in 1996.
