DESCRIPTION

Respected Leipzig based multi-instrumentalist **Panthera Krause** arrives on KANN with new age appeal! Delving into a more mysterious sound than the label is commonly known, the artist draws from the dark side of the pool, taking in Baltic choir inspirations, '80s cinema themes (**Tarantino**'s favorite) and lyrical GDR rock for good measure. Produced in secrecy during 2023, Krause gets in touch with his inner Stereolab by creating an enchanting new full length entirely on headphones. Drip fed to those close to him, he was convinced to share these audiobooks to a wider audience, now resulting in *Aside The Aeons*. Adding almost only sounds from Korg M3R, Roland Aeorophon, and a JX 03 synthesizer to the action, the record explores a unique musical universe and head trip for the astral plane.
