DESCRIPTION

Rising London R&B/neo soul artist **Summer Pearl** releases debut mixtape after the breakout success of singles "Green Eyes" and "Waste Your Time," backed by **Gilles Peterson, Jamz Supernova, Jamie Cullum, Alexander Nut, Touching Bass** and many more. Marking her first full release in three years, the mixtape is her most ambitious and accomplished project to date, complete with guest appearances from UK music royalty, including an enchanting feature from soul and reggae luminary **Liam Bailey** and heavyweight productions from brokenbeat virtuoso **Kaidi Tatham**. Described as "absolutely amazing" by the King of UK Soul, **Omar**, *outmysystem* showcases the full range of Summer's striking talent – soulful and gritty, nostalgic and forward looking, melancholic and uplifting. Throughout, Summer blends a deep appreciation for soul, dub, reggae, hip-hop, and jazz to create her own distinct and refreshing sound. Warm, free flowing lyricism defines a deeply personal and heartfelt mixtape. RIYL: **Noname, Little Simz, Lauryn Hill, Amy Winehouse, Bel Cobain.**
