### DESCRIPTION

The latest entry in the ongoing series of exciting collaborations sees the Turkish free form ensemble **Konstrukt** live on stage with **Thurston Moore**. #5 in a continuing series of Konstrukt collaborations on KarlRecords is a live document of the concert by the Turkish freeform group with Thurston Moore. Konstrukt, the Istanbul based free jazz/freeform group founded and led by **Umut Çağlar** and **Korhan Futaci**, are known for their openness to and interest in collaborations – and regularly meet up and perform with new partners that range from **Joe McPhee**, **William Parker**, **Akira Sakata**, **Marshall Allen**, **Evan Parker**, **Alexander Hawkins**, **Ken Vandermark** or **Otomo Yoshihide**. This latest release sees the quartet join forces with one of the indie rock icons: Thurston Moore, who besides his decade-long main band **Sonic Youth** always found time and inspiration for solo projects and collaborations of different kinds. *Turkish Belly*, recorded live at SalonIKSV in Istanbul in February of 2020, is as adventurous and daring as one will expect from such a pairing and a highly rewarding experience for the fans of Konstrukt and those of Moore alike.
