DESCRIPTION

In a world of division, **BEĀTFÓØT**'s second album is as an invitation to unite at a utopian celebration of life. Originally scheduled for release in October 2023 but postponed due to the ongoing Israel/Palestine war, the intrinsically-political *Too Cute* has taken on more prominence than the Tel Aviv duo of **Udi Naor** and **Adi Bronicki** could have imagined. While both Naor and vocalist Bronicki have been active in protests, charity work and community efforts over the past year – explicitly against the current government in Israel – such values of peace, acceptance, coexistence, inclusiveness and anti-hate from all sides are further instilled in the songs that form *Too Cute*. *Too Cute* is a refreshingly-ridiculous dark-rave rollercoaster which careers between hard-dance, big-beat, post-punk, techno, hyperpop, country and everything in between. Things blast off at breakneck speed with the chaotic title track's hyperpop snares, instantly-catchy lyrics (which feel ominously striking considering the war) and a stadium-ready chorus that erupts into rolling breakbeats, punishing EDM and even a nod to **The Bloodhound Gang**'s "The Magic Touch." While their first record's experimental explosion captured the pure carnage and energy of the BEĀTFÓØT universe in a conceptual fashion (though remaining polished in its own way), album two is primed to connect with a bigger audience thanks to its pop melodies, structures and songwriting. BEĀTFÓØT – who have found a home among the LGBTQIA+ community – are fighting back against oppression. "We want everybody to come to the party and celebrate life together," says Naor, setting out his and Bronicki's mission – "and our goal is to widen that party as wide as it can go." Featuring **Princess Rani** and **Bugle Boy**.
